JOIN US TO SUPPORT A GREAT CAUSE

ZAK Products, The Official Fuel Additive of NASCAR, and Donate Life Texas are excited to be sponsoring the #32 Go Green Racing car for the AAA 500 at Texas Motor Speedway.

Join us at Grapevine Ford for hamburgers, hot dogs, and the unveiling of the #32 car.

Driver Joey Gase of Go Green Racing will be there for Q & A and autographs.

Donate Life Texas encourages all in attendance to register to become an organ, eye and tissue donor. The first 50 registrants and those with donor designation already on their drivers license will receive a complimentary car care bucket filled with ZAK professional car products.
