

Reinstalling the DLT App On Your New Phone

Fortunately, phones evolve over time.

Changing phones will mean needing to re-install the DLT App.

Here's how:

- Old Apple phone to new Apple phone:
 - Open your App Store App and click the Purchased Apps tab
 - Find the DLT App and tap to reinstall it on your device
 - The apps usually appear in alphabetical order and the DLT App sometimes shows up as “TxDonate”
 - This process will work to install the DLT App on any Apple device connected to your iTunes account
- Old Android phone to new Android phone:
 - Follow the original Android installation instructions, found here: www.donatelifetexas.org/scanapp
- Switching from Apple to Android or from Android to Apple:
 - Follow the original installation instructions for your new platform, found here: www.donatelifetexas.org/scanapp
